

## LOCAL DENTIST WHITENS TEETH, CONTRIBUTES TO CHILDRENS' CHARITIES

(Carlsbad, California) Dr. Kimberly Corrigan-Dankworth and Dr. Stephen Dankworth are helping children in need-one smile at a time. This spring and summer, as part of the Crown Council's Smiles for Life Campaign, Dr. Corrigan and Dr. Dankworth are offering teeth whitening services at a significantly reduced price, and are donating 100 percent of the proceeds to help children facing serious health and educational problems.

During the four month campaign, Dr. Corrigan and Dr. Dankworth will raise approximately \$20,000.00. Half of the funds raised will be contributed to Rady Children's Hospital for use right here in our community. The other half of the funds are contributed to the Garth Brooks' Teammates For Kids Foundation for use in health, education and inner city programs that benefit children.

"We are excited about the campaign this year and would like to thank everyone in the community who are helping to make it a success by purchasing whitening services during our campaign," explains Dr. Dankworth, a Crown Council dentist located in Carlsbad, California. "It's always great seeing the beautiful smiles of our patients after performing whitening services-but it is even better to see the smiles on the faces of the children our contributions are helping to support."

The Smiles for Life Foundation is the children's charity organization of the Crown Council, an organization of leading-edge dentists throughout North America. Each year over a four-month period, participating Crown Council dentists offer professional teeth whitening services at a considerably reduces price and donate ALL of the proceeds to children's charities. The Crown Council's Smiles for Life Foundation has raised more than \$23 million since 1998, benefiting over 500 children's charities across North America.

"Smiles for Life is a win-win situation," explains Greg Anderson, director of the Crown Council and one of the founders of the Smiles for Life campaign. "Patients get a brighter smile, our member dentists get the satisfaction of contributing to their community, and best of all, children who really need our help get a reason to SMILE."
